In-District, Hands-On iCONN Training

Trainers will come to your school to conduct **free** training on iCONN databases! This option is designed to benefit all librarians (and teachers!) in your district.

One school librarian must serve as the training coordinator for the district. S/he needs to:

- Contact the appropriate database vendor(s) 8-12 weeks before the training is needed – see contacts at: <http://www.iconn.org/trainingcontacts.html>
- Schedule the day/time directly with the trainer
- Schedule a minimum of 2-3 hours of session/training time
- Reserve a Training Lab with 12 or more computers with Internet access
- Handle workshop publicity, registration and refreshments
- Ensure that parking is available
- Ensure there is a minimum of 8 participants for each workshop.
