

Links to iCONN Databases for Public Libraries

Important Note: Copy and paste the URLs EXACTLY as provided - do NOT copy from your browser once the resource has opened!
The URLs change and won't work properly in the future.

Libraries have three options (1) linking to the iCONN federated search portal; (2) linking to iCONN Classic (Resources for the Public), an annotated list of all resources; and (3) linking to individual databases. **Note:** these are not either/or options. Use as many of these options as you like on your webpages.

1. Link to iCONN	http://www.iconn.org opens the federated search portal. The patron is IP authenticated (in library) or barcode authenticated (out of library). Once authenticated, a patron may search many databases at once or any resource individually. New resources can be selected without re-authentication.																																																												
2. Link to iCONN Classic	http://rqst-agent.auto-graphics.com/homepages/customerwide/classicpublic.asp? opens the Resources for the Public page. The patron is IP authenticated (in library) or barcode authenticated (out of library). Once authenticated, a patron can select any resource from the menu. New resources can be selected without re-authentication. reQuest is not on this list, but you can maintain a separate link to reQuest only*.																																																												
3. Link to Individual Resources	<p>Using these links, the patron is IP authenticated (in library) or barcode authenticated (out of library). Patrons must be re-authenticated each time a new resource is selected. reQuest, the Statewide Catalog, is not on this list but you can maintain a separate link to reQuest only*. Downloadable Audio Books requires a valid Connecticut public library card number to place holds and check out books for download.</p> <table border="0"> <thead> <tr> <th data-bbox="306 532 1087
